In addition to all of this, look out for the giant, free poster of your favourite **STC** stars **Sonic & Tails** in the centre-pages. Please, don't thank me!

Finally, make sure you're cashed up for the arrival on 18th June of the **STC Summer Special** featuring 68 pages of video-game action devoted solely to Sonic and his world, and give your wall a fright with **Sonic The Poster Mag No.5**, also on sale the same day!

The Sonic Terminator Part 5

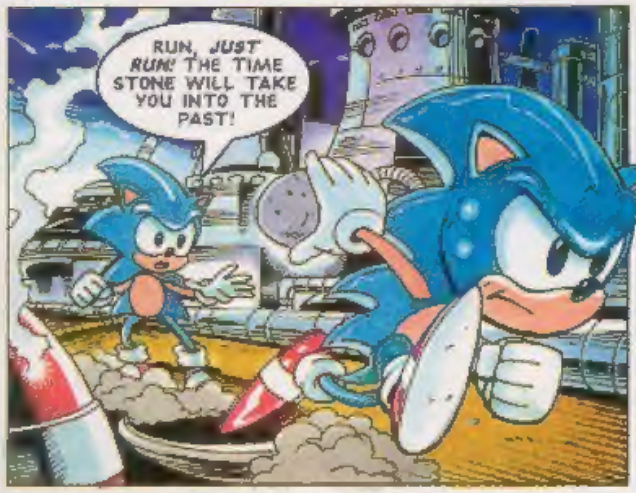
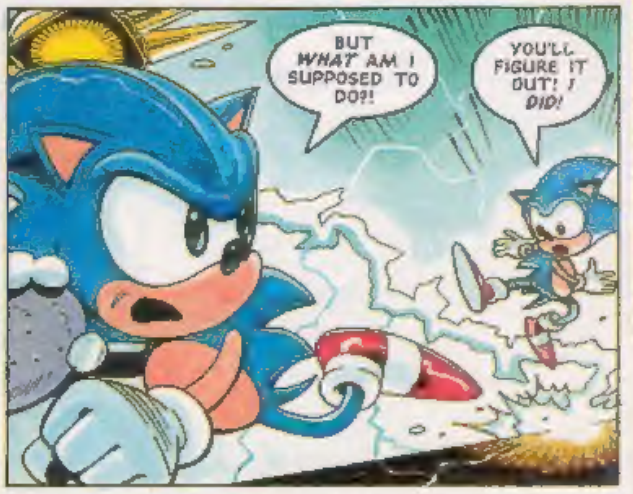
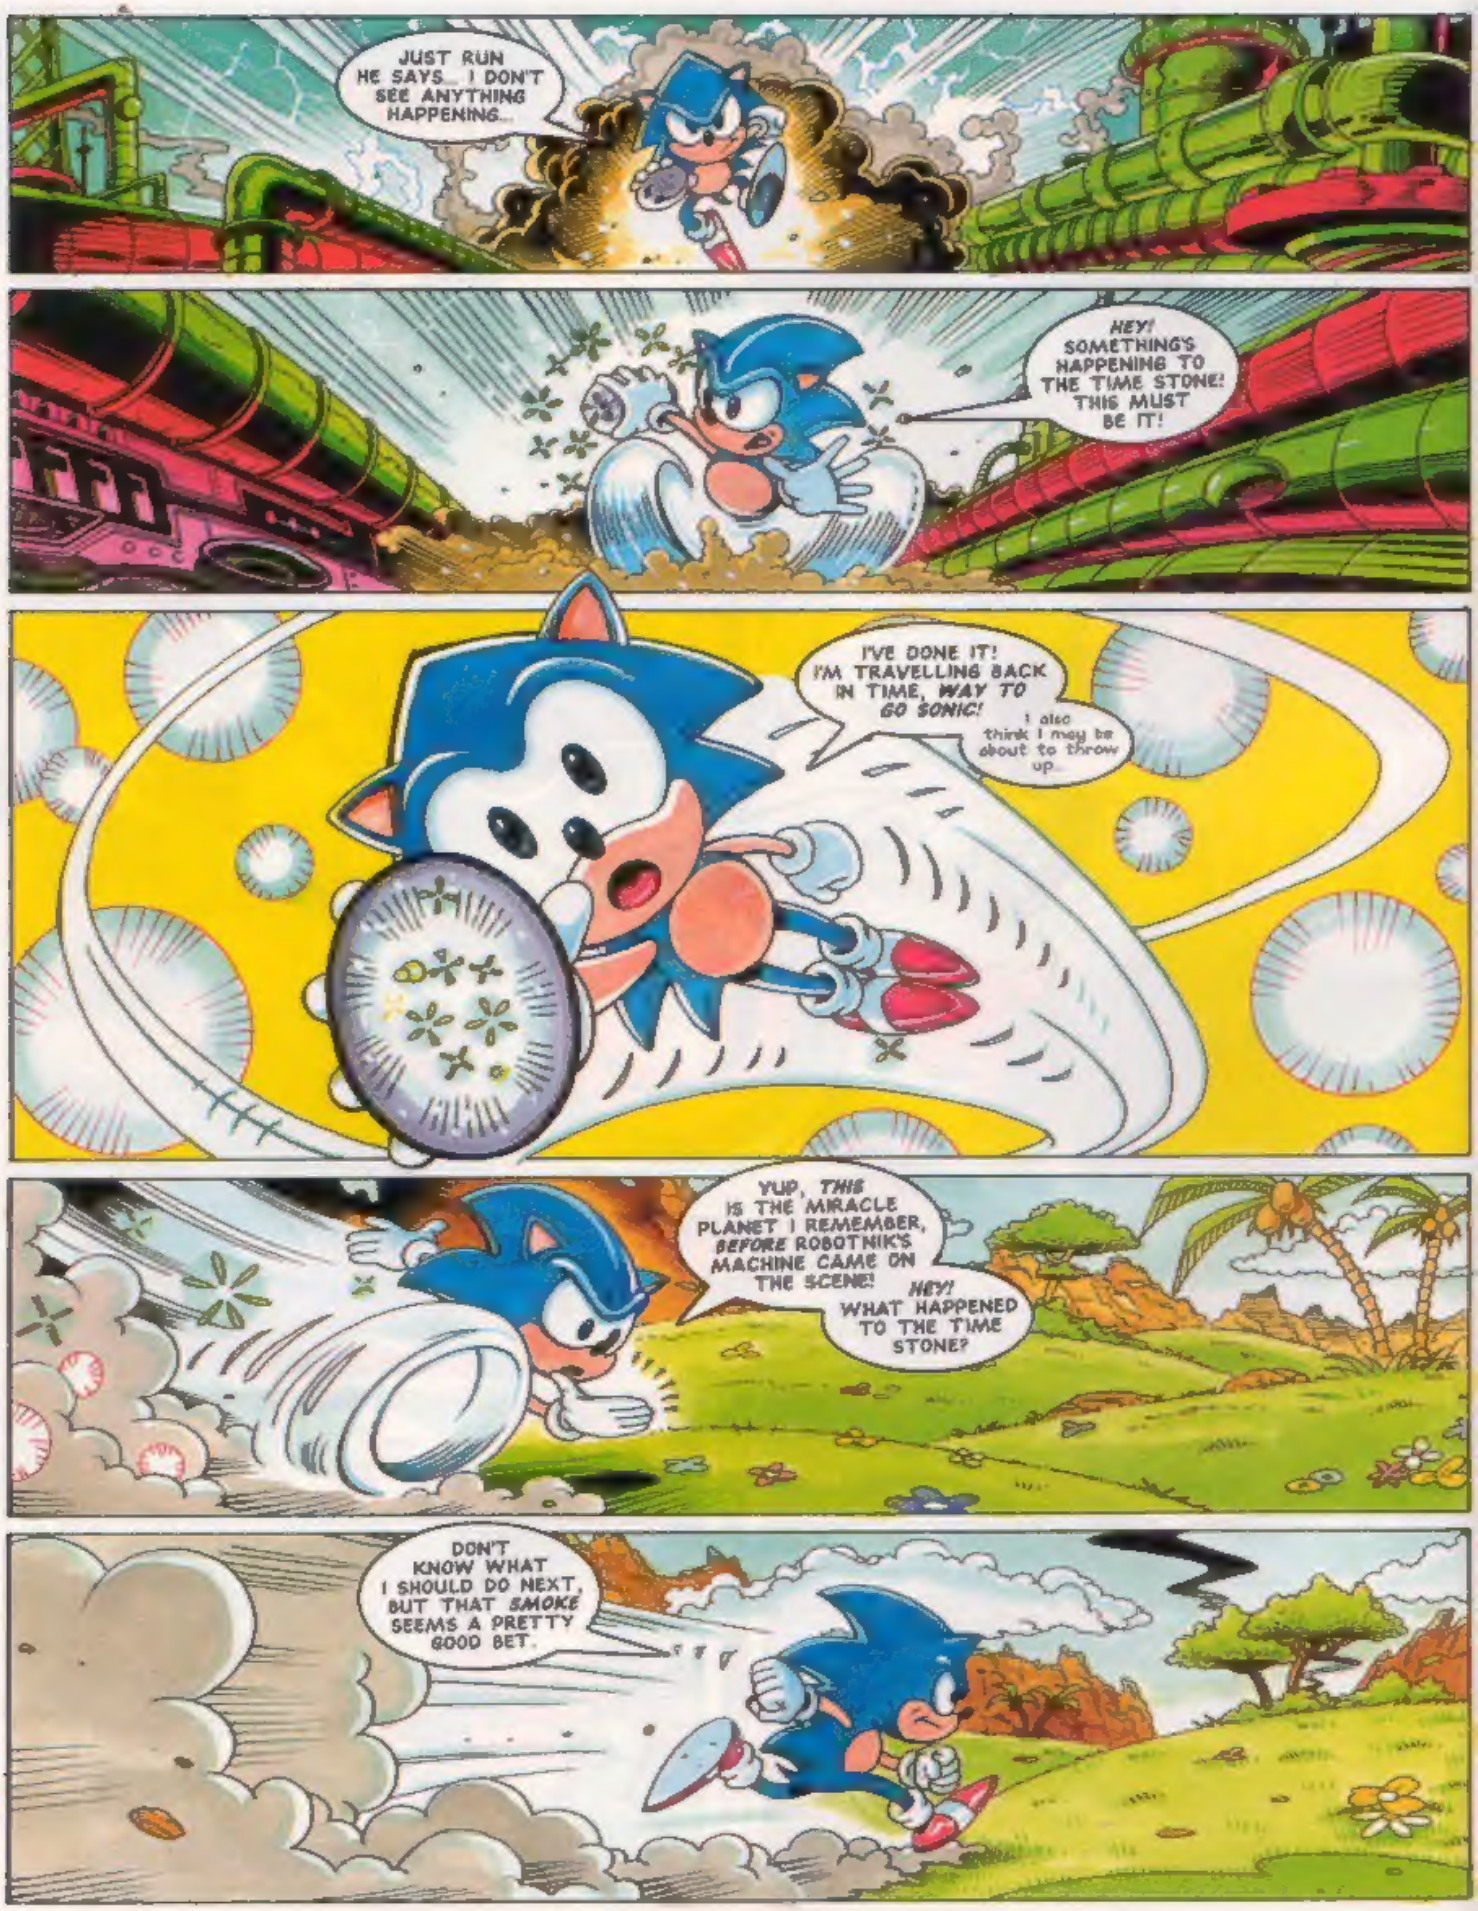
SHRUNK TO A FRACTION OF HIS NORMAL SIZE AND WITH ONLY A VERSION OF HIMSELF FROM THE FUTURE FOR HELP, HE NOW FACES THE ULTIMATE CHALLENGE...

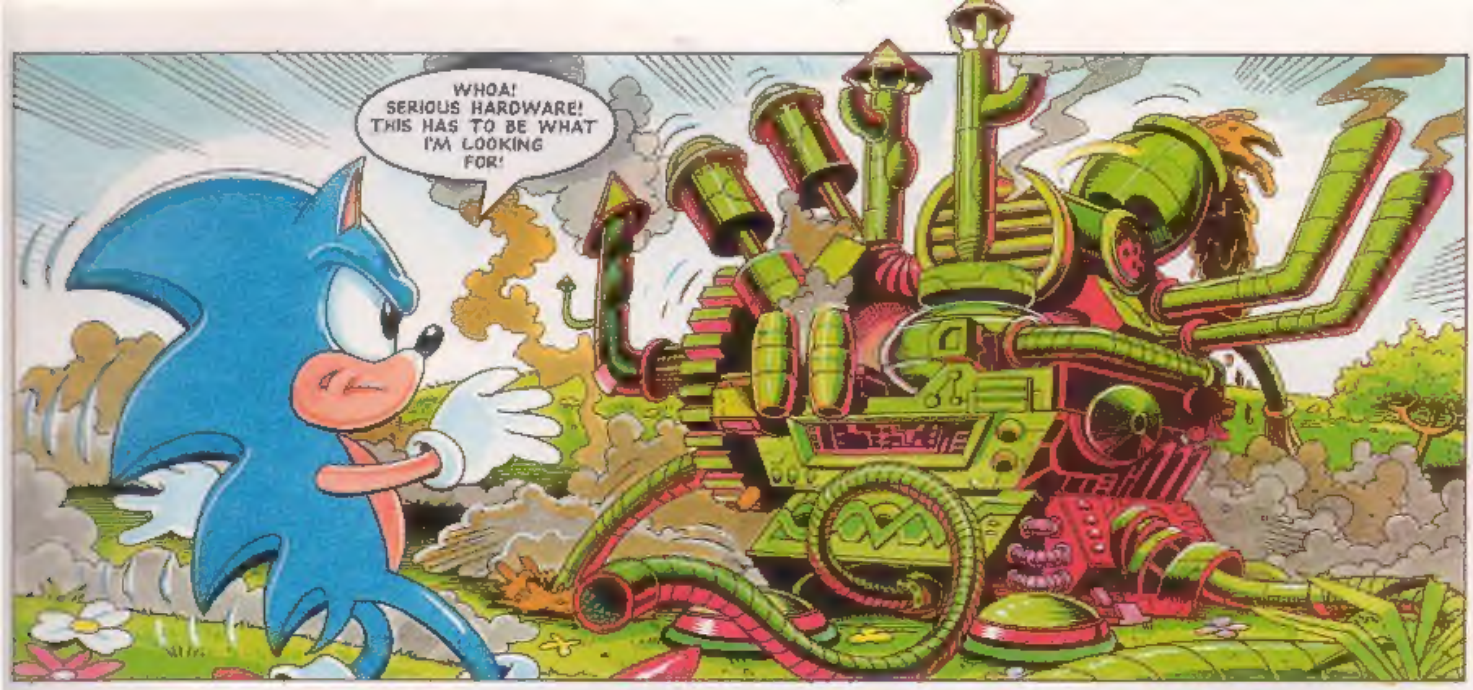
ON THE MIRACLE PLANET SONIC FACES ROBOTNIK'S DEADLY ROBOT METALLIX... THE METAL SONIC!



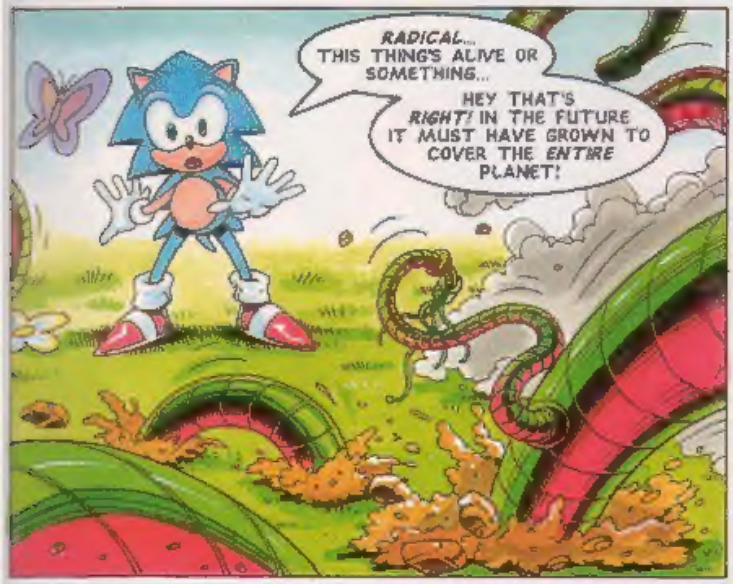




JUST RUN HE SAYS... I DON'T SEE ANYTHING HAPPENING...
HEY! SOMETHING'S HAPPENING TO THE TIME STONE! THIS MUST BE IT!
I'VE DONE IT! I'M TRAVELLING BACK IN TIME, WAY TO GO SONIC!
I also think I may be about to throw up...
YUP, THIS IS THE MIRACLE PLANET I REMEMBER, BEFORE ROBOTNIK'S MACHINE CAME ON THE SCENE!
HEY! WHAT HAPPENED TO THE TIME STONE?
DON'T KNOW WHAT I SHOULD DO NEXT, BUT THAT SMOKE SEEMS A PRETTY GOOD BET.

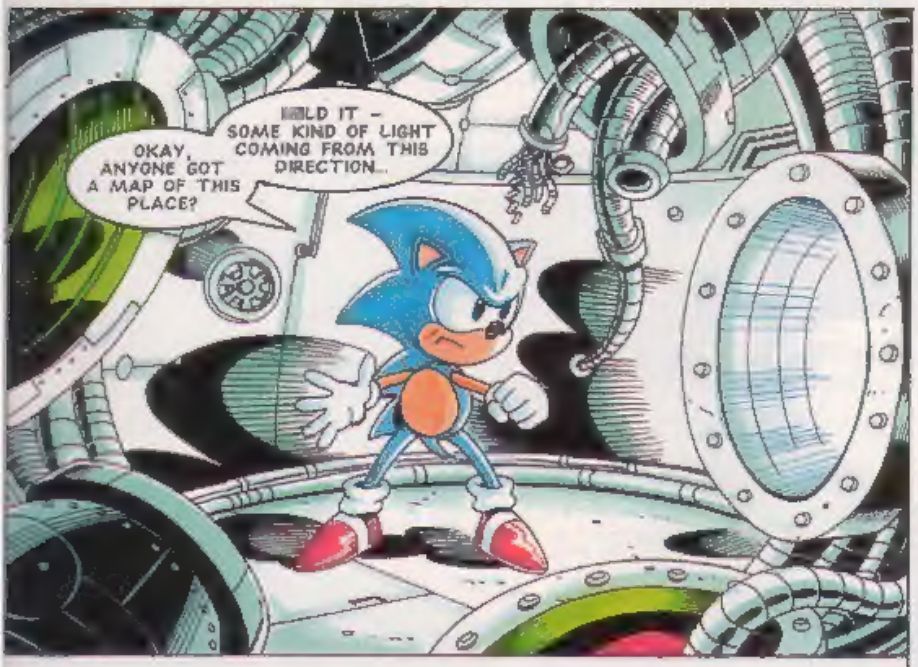


WHOA! SERIOUS HARDWARE! THIS HAS TO BE WHAT I'M LOOKING FOR!

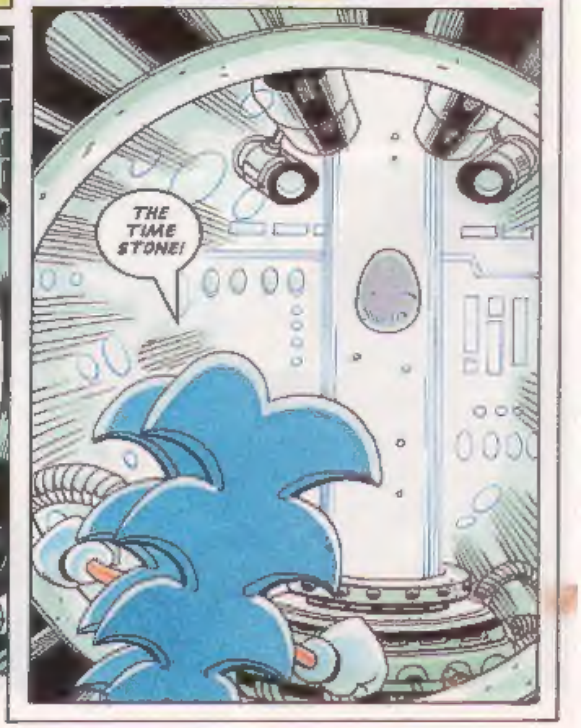


RADICAL... THIS THING'S ALIVE OR SOMETHING...
HEY THAT'S RIGHT! IN THE FUTURE IT MUST HAVE GROWN TO COVER THE ENTIRE PLANET!

AND I HAD TO BE SHRUNK SO I COULD GET INSIDE IT!
YEP, THINGS ARE REALLY STARTING TO COME TOGETHER NOW!

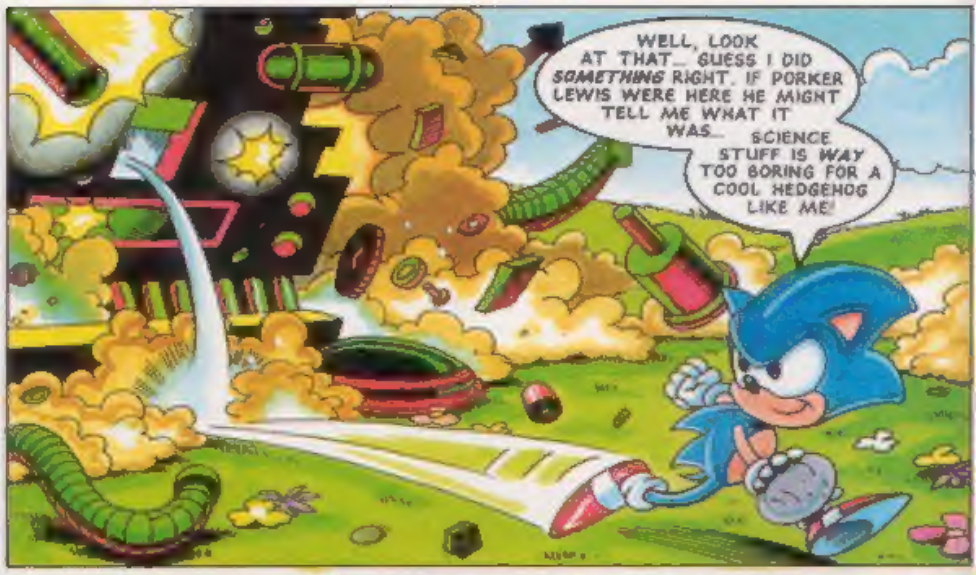


OKAY, ANYONE GOT A MAP OF THIS PLACE?
HOLD IT – SOME KIND OF LIGHT COMING FROM THIS DIRECTION...

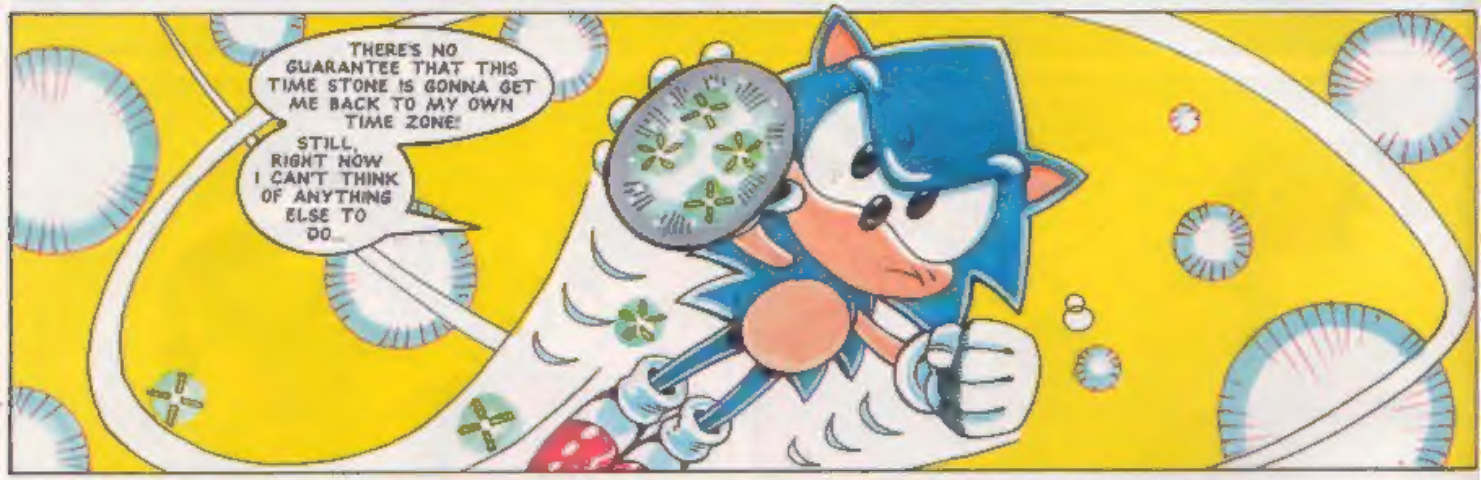


THE TIME STONE!

OKAY... LET'S SEE HOW WELL THIS PLACE GETS ALONG *WITHOUT* THIS BABY!

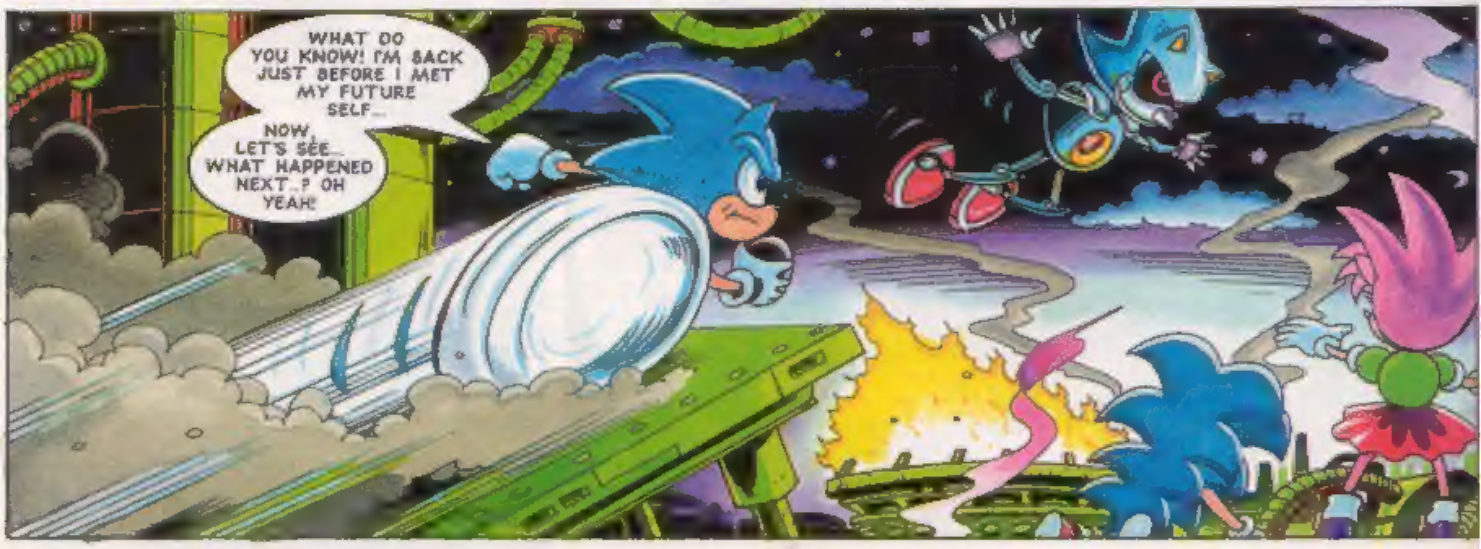


WELL, LOOK AT THAT... GUESS I DID *SOMETHING* RIGHT. IF PORKER LEWIS WERE HERE HE MIGHT TELL ME WHAT IT WAS... SCIENCE STUFF IS *WAY* TOO BORING FOR A COOL HEDGEHOG LIKE ME!

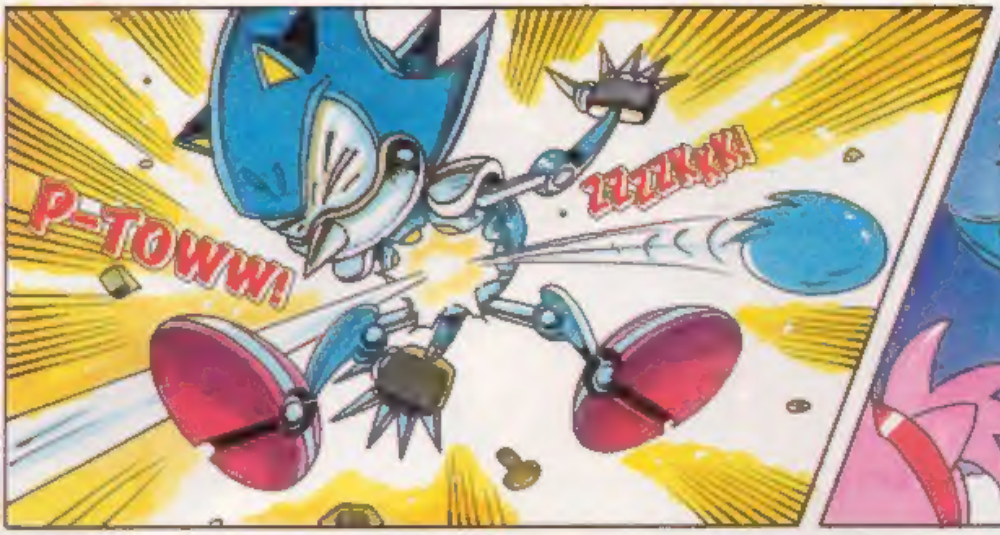


THERE'S NO GUARANTEE THAT THIS TIME STONE IS GONNA GET ME BACK TO MY OWN TIME ZONE!
STILL, RIGHT NOW I CAN'T THINK OF ANYTHING ELSE TO DO...

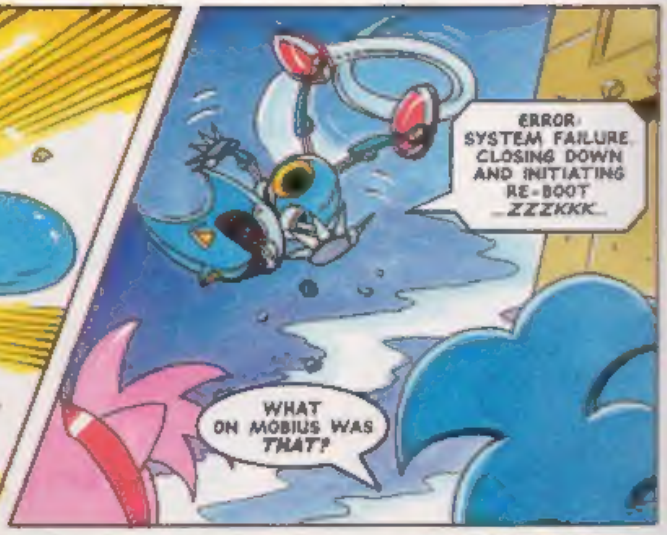
ALL RIGHT! I'M BACK! *NOW* WHAT?
HEY, WHAT'S THAT?



WHAT DO YOU KNOW! I'M BACK JUST BEFORE I MET MY FUTURE SELF...
NOW, LET'S SEE... WHAT HAPPENED NEXT...? OH YEAH!

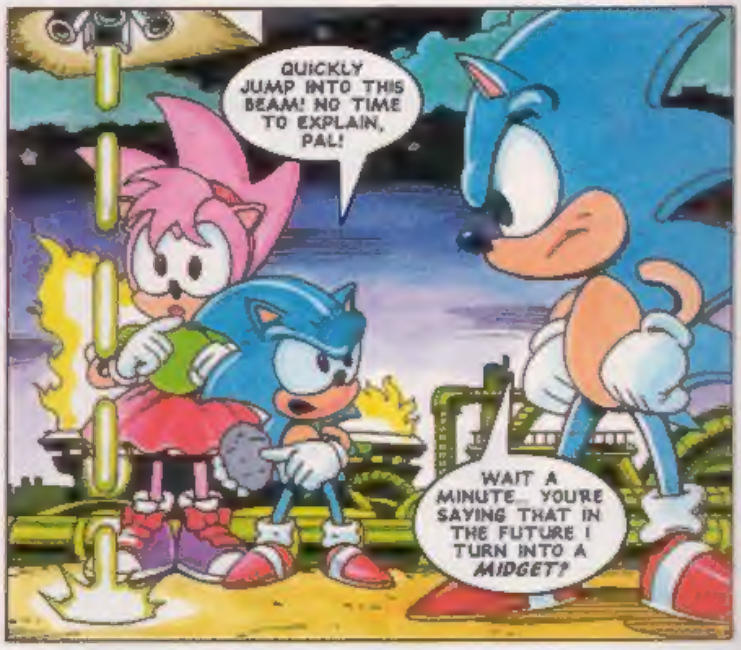


P-TOWW!
ZZZZKKK!

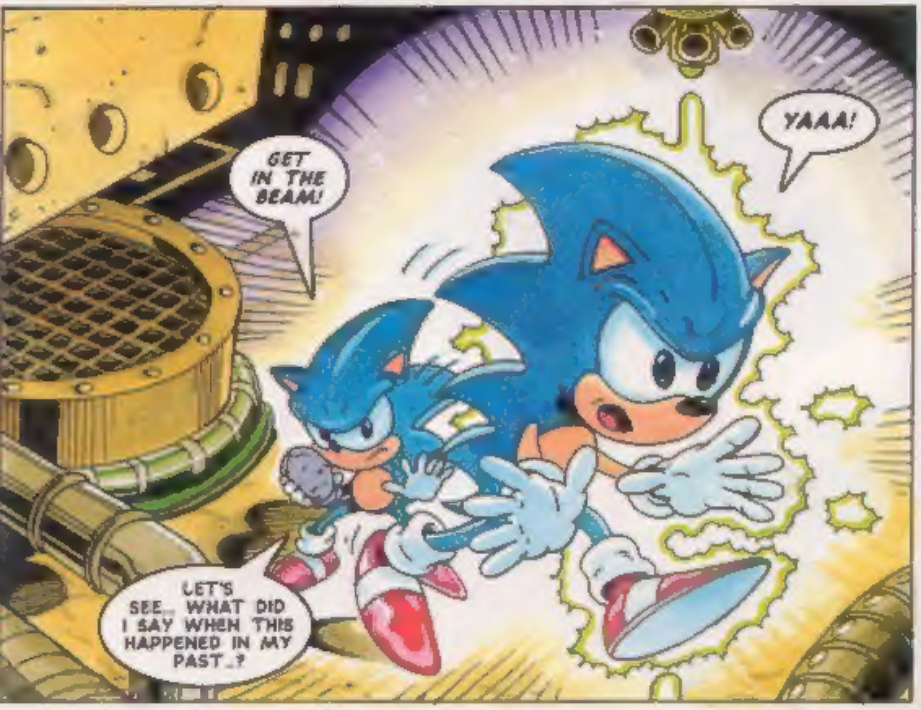


ERROR: SYSTEM FAILURE. CLOSING DOWN AND INITIATING RE-BOOT. ZZZKKK.
WHAT ON MOBIUS WAS THAT?

THAT, GOOD BUDDY, WAS ME! OR RATHER YOU IN THE FUTURE!
HUH?

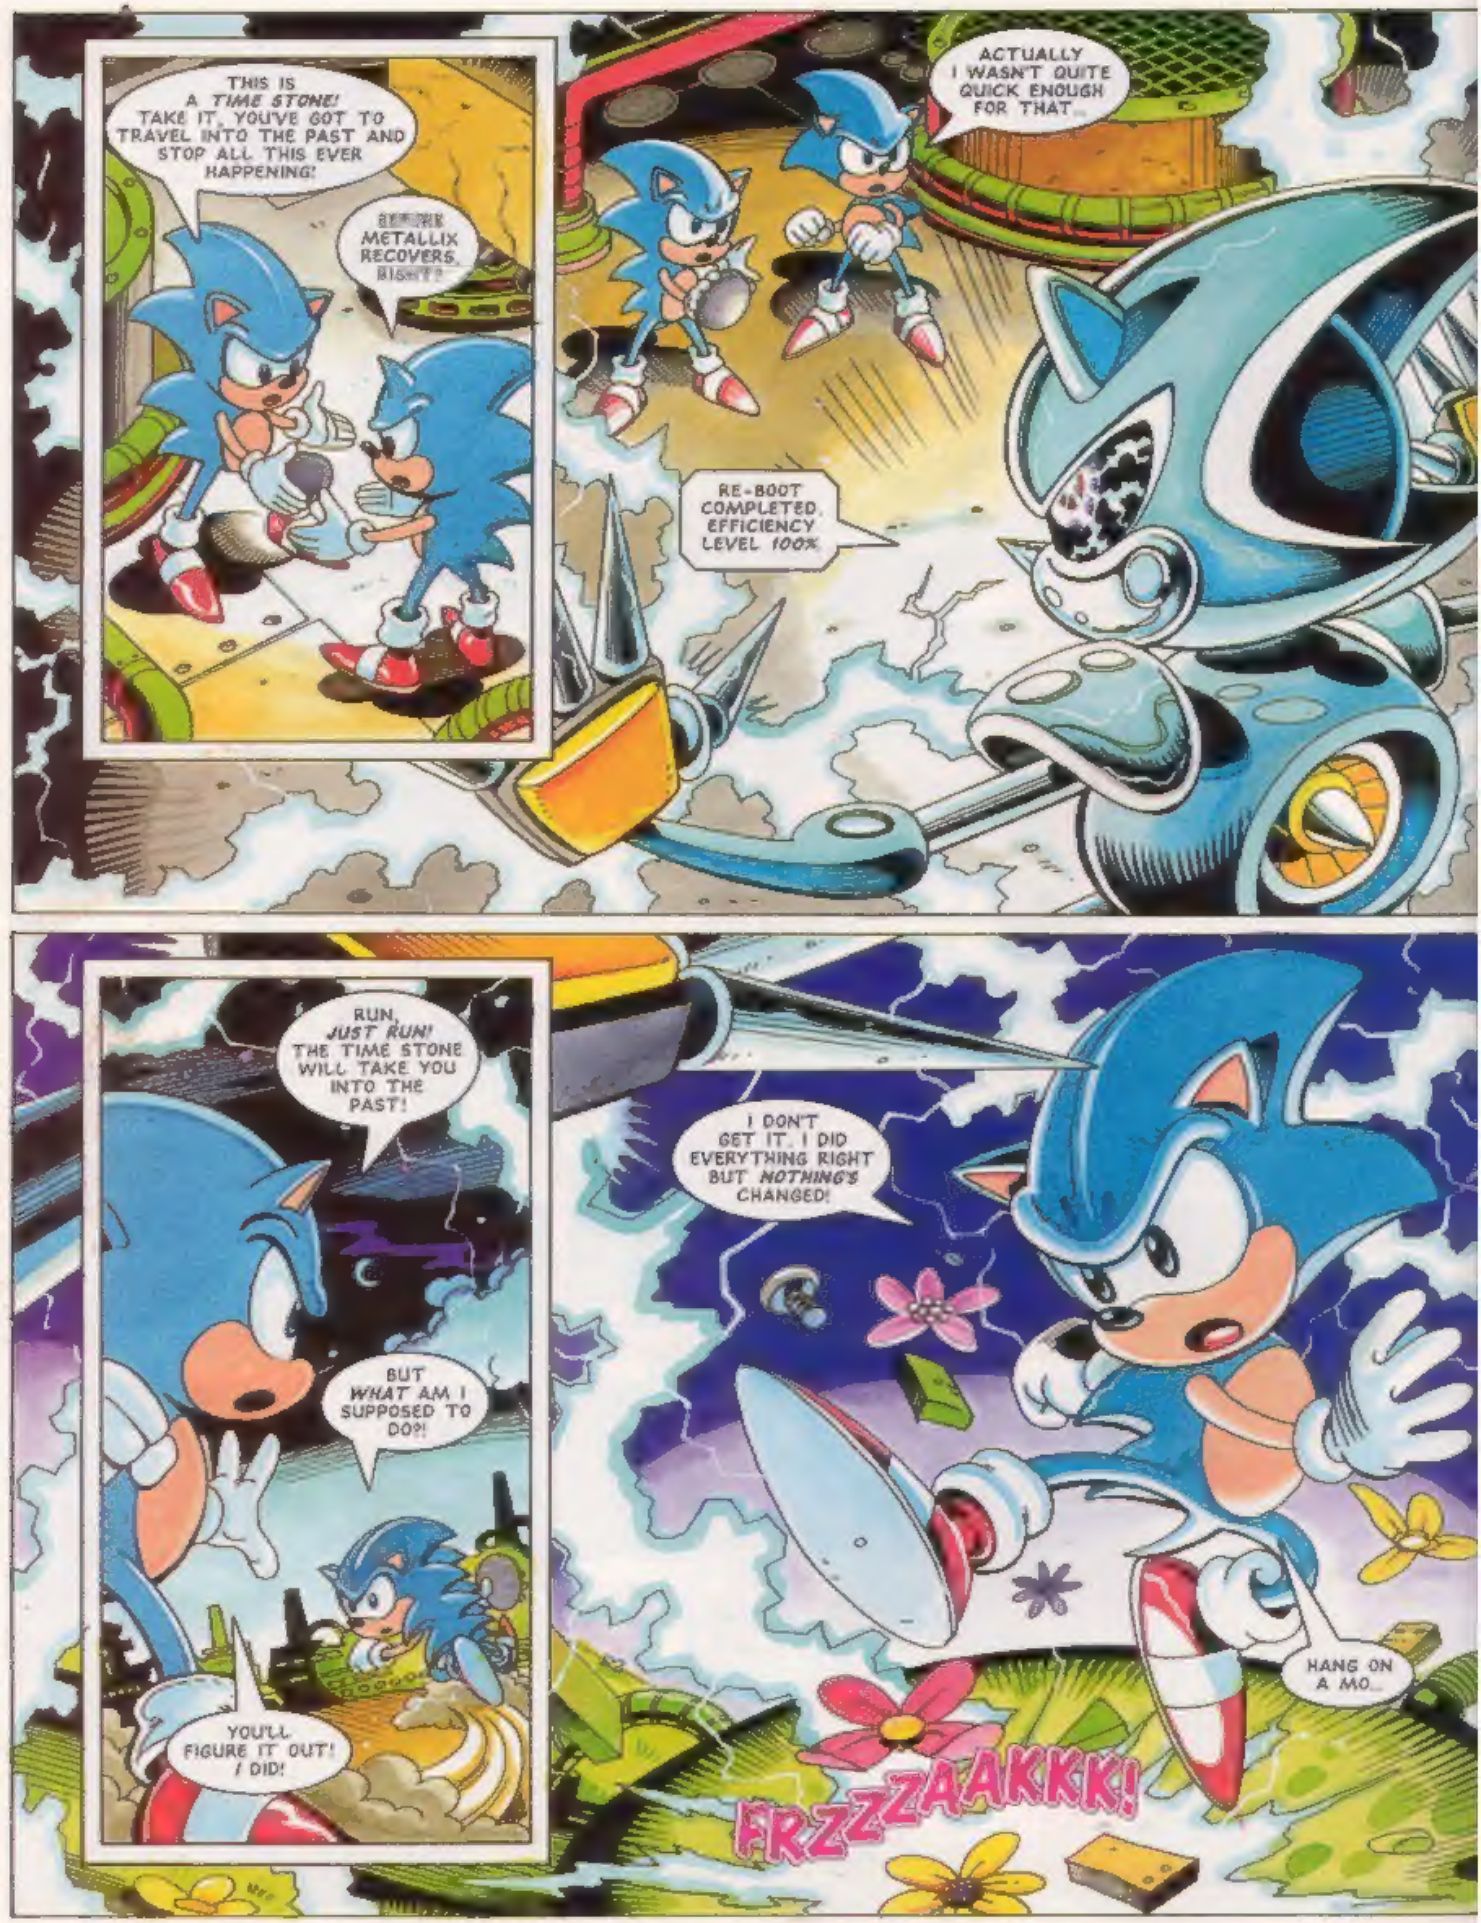


QUICKLY JUMP INTO THIS BEAM! NO TIME TO EXPLAIN, PAL!
WAIT A MINUTE... YOU'RE SAYING THAT IN THE FUTURE I TURN INTO A MIDGET?



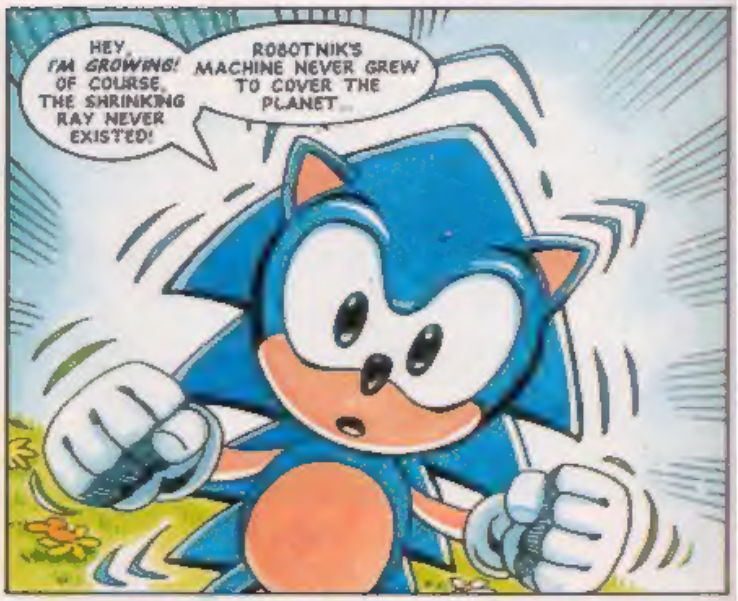
GET IN THE BEAM!
YAAA!
LET'S SEE... WHAT DID I SAY WHEN THIS HAPPENED IN MY PAST...?

OH YES... WELL, THIS HAD BETTER NOT BE A TRICK!
WELL, THIS HAD BETTER NOT BE A TRICK!

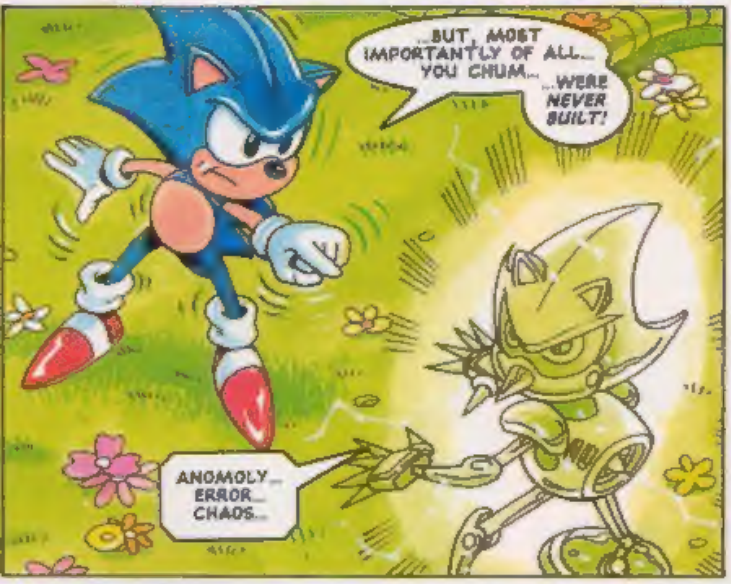


THIS IS A *TIME STONE!* TAKE IT, YOU'VE GOT TO TRAVEL INTO THE PAST AND STOP ALL THIS EVER HAPPENING!
BEFORE METALLIX RECOVERS, RIGHT?
ACTUALLY I WASN'T QUITE QUICK ENOUGH FOR THAT...
RE-BOOT COMPLETED. EFFICIENCY LEVEL *100%*
RUN, *JUST RUN!* THE TIME STONE WILL TAKE YOU INTO THE PAST!
BUT *WHAT* AM I SUPPOSED TO DO?!
YOU'LL FIGURE IT OUT! *I* DID!
I DON'T GET IT. I DID EVERYTHING RIGHT BUT *NOTHING'S* CHANGED!
HANG ON A MO...
FRZZZAAKKK!

IT'S WORKING! TIME IS RE-ORGANISING ITSELF.
FRZZZAAKKK!



HEY, I'M GROWING! OF COURSE, THE SHRINKING RAY NEVER EXISTED!
ROBOTNIK'S MACHINE NEVER GREW TO COVER THE PLANET...



...BUT, MOST IMPORTANTLY OF ALL... YOU CHUM... ...WERE NEVER BUILT!
ANOMOLY... ERROR... CHAOS...

SONIC! YOU'VE DONE IT! YOU'VE BEATEN METALLIX AND SAVED THE PLANET... UNBELIEVABLE!
IT'S NOT ALL GOOD NEWS... I SAVED YOU TOO, DIDN'T I?

Y'KNOW SONIC THE MIRACLE PLANET DOESN'T APPEAR OVER MOBIUS FOR A WHOLE MONTH. WE'LL BE HERE TOGETHER ALL ALONE... JUST YOU AND ME...
BOY, I'M REALLY GOING TO MISS THAT METALLIX!

DUNE 2 - THE BATTLE FOR ARRAKIS

game type: ACTION/STRATEGY
1 PLAYER

MD

One look at the screenshots for **Dune 2 - The Battle for Arrakis** and you'd be forgiven for thinking that this game looks certain to be a bore. However, graphics don't always make a good game, whereas gameplay does, and this is where **Dune 2** scores very highly. The game is basically a 'building and defending an empire simulation' and plays in a similar way to the massive-selling *Sim City* which appeared on every format except the Mega Drive. Based on a series of sci-fi novels by Frank Herbert, **Dune 2** is set to impress gamesters everywhere ,and, having already received critical acclaim on the Amiga and PC, is bound to be a big hit.

The Emperor of Arrakis has laid down a challenge for the galaxy's three ruling Houses; the Harkonnen, the Atreides and the Ordos - to see which one is capable of dominating the planet. Playing the role of a general you work for one of these houses and, whichever one you choose to serve, the goal is to take control of Arrakis and it's Spice by wiping out the other two opponents or houses as they're known. Whoever gains control of the production of Spice (the most valuable substance in this universe) will rule Arrakis. Spice is basically a drug and producing it will bring is money to help you build up your empire. The core of **Dune 2**'s strategy element concerns the manufacture and management of such functional building s as Spice refinement plants, factories (to create military fliers, tanks and nerve gas launchers), barracks (to train armies) and rocket turrets.

Fighting the opposition takes place in real-time and, unlike most wargames, all you do is point and click to launch an all-out assault. Throughout the game some superbly sampled speech tells you of enemy attack, completed construction and so on. **Dune 2** is incredibly addictive, with excellently designed gameplay and no unnecessary complicated controls. Most games like this take hours to understand, but **Dune 2** is immediately playable. - DG.

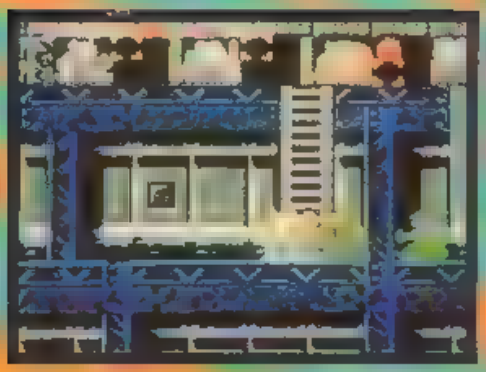
THE LOST VIKINGS

game type: PLATFORM
STRATEGY
1-2 PLAYERS

MD

Imagine you're one of three vikings, casually walking around, minding your own business when suddenly you're captured by an alien space ship. Well, that's exactly what happens in **The Lost Vikings** where we meet Erik the Swift, Baleog the Fierce and Olaf the Stout. Each one of these vikings possess individual strengths and skills (Erik has super speed, Baleog is a fearsome killer, Olaf (the slowest of the three) is a mean man with a shield. These skills serve as protection from enemies and even come in handy for para-gliding! Using these various skills you must make a team effort to rescue the lost vikings from the aliens and imminent doom.



The game uses a unique blend of witty dialogue, numerous sound effects and detailed graphics to build up the characters distinct personalities. Players advance to the next level, of which there are 31, by gaining to get the trio working together.

Unlike most platform games you won't get anywhere unless you sit back, think about the problem you're currently facing and then come up with a strategy. Nasties are lurking throughout the game and as each viking can only take three hits before being killed, the best technique is to hide behind Olaf's shield while slashing the baddie with your sword. Prompt boxes are scattered around each level – these give you instructions as to which buttons perform which actions and, more importantly, when you should use them. This is a really great idea by Virgin as it saves looking through pages of instructions each time you're stuck.

The graphics in **The Lost Vikings** are excellent with some very nice touches of humour – release Olaf's snoring and he starts to pick his nose. A very nice game then, with a perfect blend of platform and strategy to keep you addicted until its completion. - DG

Golf is one of those games that looks very simple on the surface but when you hear players talking of Eagles and Birdies you start to wonder if you need a degree in mathematics to play it properly. One thing is for sure though, after playing **PGA European Tour** you'll get to know golf inside out. The publishers Electronic Arts have achieved great success with the previous PGA golf simulations, in particular PGA Tour Golf 2 which has won almost all awards for being the most realistic golf game around.

PGA European Tour Golf is actually *PGA Tour 2* but with a few enhancements. The old game included all those American courses which consisted of speedy putters. This however features five new European courses which have supposedly less hazards for the golfer. Ten European players are now included, all of whom are better known to us than the American green stalkers who populate *PGA Tour 2*.

PGA European Tour Golf allows you to play, amongst others, Ryder and Seniors and Bogey competitions. You also get the European Tournament. The game features Super Nintendo graphics and sound effects, various match play options and weather conditions. The weather conditions are not only cosmetic as the high and low of the balls flight would be in real life.

Without a doubt this is the best golf game available on the Mega Drive, although one little niggle concerns how slow the game is when redrawing the courses. The original game suffered from the same problem and this has been improved upon.

In summary, the addition of a few tournaments and ten European players doesn't make **PGA European Tour Golf** a worthwhile investment if you already own *PGA 2*. However, if you don't own a PGA golf game and you're looking for a cheap alternative to purchase, - DG

TAKE OFF WITH BOMBERMAN

Classic explosive multi-player action comes to the Mega Drive

Now hear this . Hudsonsoft wi be converting its multiplayer hit Dyna Blaster (also known as **Bomberman**) to the Mega Dr ve What do you mea you haven't seen it, et alone played it on the Amiga, SNES or PC Engine?

The dea is to run around a maze and drop bombs to blow up monsters and blocks, not forgetting to collect powerups so you can drop more bombs with bigger explosions (and more besides). Sounds simple? it is and it a all good clean, family fun to boot The consequences of playing against one, two or even three pals are hilarious

You will need a Multi-Tap if more than two people are to play, but **Bomberman** is one of the best excuses to invest in one, or even two! Sources suggest that unique to the Mega Drive version, up to eight players will be able to participate at the same time!

We reckon there's no reason why **Bomberman** won t be one of the most entertaining releases of this year Find out for sure in November when it's released on the Mega Drive

At last you (and your friends) will possibly be able to play with **Bomberman** (and his friends) on the Mega Drive.

SHORT BURSTS

ECCO 2 4 U

One of the biggest hits of 1993 has been updated and revamped. Ecco 2 is making its way to your Mega Drive this September. This all new game features Ecco in a new set of challenges which feature incredible 3D sequences and even more amazing graphics and sound.

DYNAMITE AHEAD

Dynamite Headdy is set to be one of the most original games of 1994. Heady literally loses his head every time he wants to take out an enemy. He can also throw his head around the screen and exchange it for heads with different powers. The bosses and backdrops are beautifully detailed and animated and Headdy has plenty of bonus rounds to get through. Look out for his release this Christmas!

IT'S A STEAL

Snatcher is the name of a new Konami adventure for the Mega-CD. It's set in the future where the player is a cop who has to hunt down rogue robots and bring them to justice. A mixture of text, animated pictures and action sequences is used to portray the story, and current Justifier fan in the playing [illegible] provided with Lethal Enforcers [illegible] put it to good use in some of the shooting sections. MEGA CD GAMES EXPLOSION!

Full-motion videos & 3D game releases see Sega's hottest summer yet!

First up is **Yumami Mystery Mansion** a superb 3D mystery game. You get to wander around a house trying to find your sister who has been transformed into a butterfly! The graphics are very atmospheric and there are plenty of rooms and a creepy basement to explore. There are also secret passageways and plenty of items to collect, which keep your interest from waning.

Double Switch features ex-pop stars Debbie Harry and Corey Haim (ask your mum or dad!). You get to play with a similar Night Trap interface whilst protecting a building from some very weird inhabitants.

The most sizzling title is **Tomcat Alley** for the CD which has you flying a multi million dollar jet taking out invading jets in different missions. This has to be the most impressive CD game to date with full screen video and amazing dogfight action.

Jurassic Park finally makes it to the Mega CD. This is more of a strategy simulation with you wandering around the park trying to stay alive! It includes some good FMV and puzzles to solve.

Butter Fingers

Dear STC,

Recently I was reading an old issue of STC when suddenly it slipped from my hands. I managed to catch it by one of the pages but the staples came out. However, because I am a collector of the comic I asked my newsagent for a spare issue of STC, but unfortunately he didn't have one. Can you repair my damaged comic?

Aiden Gilroy, Lakenheath, Suffolk.
Sonic Water Fun Game Winner.

I suggest that you follow the guidelines below Aiden, to prevent further disasters:-

1: Affix blue-tac to back of STC and secure firmly to a flat, horizontal surface, i.e. a table top.

2: Wear protective gloves when handling STC to avoid grubby fingerprints.

3: As an added precaution, avoid eating, drinking and heavy breathing whilst reading STC!

Call My Bluff

Dear Megadroid,

For months now I have been trying to figure out what you are. At last I have the answer.... you're a phoney! Your head is the front of a SEGA MD cartridge insert and your eyes are the MD control pad. I also know you are a wimp because my friend wrote in telling you so and all you did was send Sonic and Tails to beat him up. Well, why don't you do that to me?

*Hope you enjoyed the **Ecco** strip, Dolphin! I would come round to pay my respects but you conveniently forgot to tell me your address.*

Yelp!

Dear STC,

I have a problem. When I reach the part in Paperboy 2 where the pog runs out in the road and barks, my own dog runs round the room barking like a mad thing!

Emma, just be thankful your parents don't react in the same way.

Plates of Meat

Dear STC,

I am disappointed that Sonic's feet (minus sneakers) are never shown. Therefore, could you please get one of your artists to draw in Sonics bare feet in a future story?

Kevin Rookes, Basingstoke, Hampshire.

So, when did you first realise you had a foot fetish, Kevin?
